Banshee House, RiNo, Denver

**'Celebrating the Body' Art Show & Fundraiser, is an event showcasing artwork, live music, live painting, raffle, and a 'nude donation station' where attendees may donate an image of their body to artwork that raises money for survivors of sexual assault.**

Tatum Elizabeth is a body-centered collage artist who used porn collaging as a way to heal sexual trauma. In a world where body trauma is common, Tatum is creating a night to gather, honor, explore, and celebrate the human body while raising money for survivors of sexual assault.

Living in our body is the one true constant in life, so our relationship to it is incredibly important. Join us June 14th, for a unique opportunity to 'Celebrate the Body'.
